

AURORA ENVIRONMENTAL EQUIPMENT
CONSULTANTS L.L.C.

Client Preventative Maintenance General Program

AEEC recommends an annual Preventative Maintenance check on each unit as a minimum to include but not limited to:

- Check all safety features
- Lubricate all wear points and guide channels
- Check all wiring connections
- Check condition of all hoses and fittings
- Clean debris from behind ram or stuck in platen
- Check system pressure and correct as needed
- Check hydraulic fluid level
- Make any repairs needed while on site that will not go over the “Not to Exceed” for the PM
- Quote any needed repairs that will go over the “Not to Exceed” amount for the PM

COST FOR PM SERVICE - \$750.00 IF SERVICE PERFORMED ON A SINGLE UNIT AND \$550.00 EACH ON BALER & COMPACTOR ON SAME CALL. THESE AMOUNTS MAY BE SLIGHTLY DIFFERENT FROM WHAT HAS BEEN AGREED TO FOR YOUR SPECIFIC PROGRAM AND ARE REPRESENTATIVE OF GENERAL PM PRICING.

Thank you for your continued business,

The Aurora Environmental Equipment Consultants

“SHINING THE LIGHT ON YOUR TOTAL ENVIRONMENTAL EQUIPMENT COSTS, DESIGN, AND INSTALLATIONS”
