AEEC Trash Compactor Training Form

Certification / Training Process:

Instructions for Trainer:

1. Explain or demonstrate each point listed below.
2. Place check mark in the trainer box to indicate that you have explained or demonstrated each item.
3. Give the team member an opportunity to practice using the equipment under your supervision.
4. When team member is ready, have them correctly demonstrate proper operation on the points requiring demonstration.
5. Check the team member box for each item correctly performed or explained.
6. Review and retest any missed items.
7. Both trainer and team member print their name, sign, and date the bottom of document.

NOTE:

- Because you will need to demonstrate how to compress trash, it will be necessary to do the compactor training when the store has trash to put in the compactor.
- Operators must be at least 18 years old and certified in order to use the compactor.

Compactor Training Details

Trainer Explained or Demonstrated	Training and Certification Details	Team Member Correctly Explained or Demonstrated
	Explain what items are "Allowed" and "Not Allowed" in the Compactor. *No cardboard is to be placed in trash compactor.*
